PHILIP KHOURY

Award-winning pastry chef and author Philip Khoury is known for his expertise in reformulating and reinventing classic desserts. Classically trained, Philip brings innovation to pastry by focusing on what he calls “the holy trinity” of dessert enjoyment: flavor, texture, and beautiful presentation.

Philip Khoury, premiato pasticcere e autore, è noto per la sua esperienza nella riformulazione e reinvenzione dei dessert classici. Di formazione classica, Philip porta innovazione nella pasticceria concentrandosi su quella che chiama “la santa trinità” del piacere del dessert: sapore, consistenza e una presentazione raffinata.

FIGURES

WINTER TIME

Let's celebrate together the most beautiful time of the year with two new winter subjects: Balloon, a Christmas tree with soft shapes, and the friendly penguin Ice. Both subjects are available in both 3D version with hooks, for artisanal production, and in 3D version with hooks and plate, for use on rotating machines.

Celebriamo insieme il periodo più bello dell'anno con due nuovi soggetti invernali:
Balloon, un albero di Natale dalle forme morbide e il simpatico pinguino Ice. Entrambi i soggetti sono disponibili sia nella versione 3D con ganci, per la produzione artigianale, che in quella 3D con ganci e placca, per l'utilizzo sulle macchine rotative.

TRICK OR TREAT?

Jack and Bob pumpkins enrich the range of subjects designed to celebrate Halloween night.
Jack is the diamond-cut pumpkin achievable with the classic artisanal production mould, and then there's Bob, with his sinister grin, available in two versions: 3D with hooks for artisanal production and 3D with hooks and plate, for use on rotating machines

Le zucche Jack e Bob arricchiscono la gamma dei soggetti pensati per festeggiare la notte di Halloween.
Jack è la zucca diamantata realizzabile con lo stampo per produzione artigianale classica e poi c'è Bob, con il suo ghigno sinistro, disponibile in due versioni: 3D con ganci per la produzione artigianale e 3D con ganci e placca, per l'utilizzo sulle macchine rotative.

Each pack contains 2 moulds.

EASTER DELIGHTS

DELIZIE DI PASQUA

Two new creations with contemporary design enrich the Martellato collection: **Precious** and **Ducky**. Precious is an Easter egg with a modern and refined charm, characterized by clean lines and an elegant shape that highlights the purity of chocolate. Ducky, on the other hand, is a new 3D design with a diamond-like shape, perfect for completing the Easter collection with a touch of originality and sweetness. Both creations express the excellence of Martellato design, turning every detail into a unique experience for both the eyes and the palate.

Due nuove creazioni dal design contemporaneo arricchiscono la collezione Martellato: ***Precious*** *e* ***Ducky****. Precious è un uovo di Pasqua dal fascino moderno e ricercato, caratterizzato da linee pulite e una forma elegante che esalta la purezza del cioccolato. Ducky, invece, è un nuovo soggetto 3D dalla forma diamantata, perfetto per completare la collezione di Pasqua con un tocco di originalità e dolcezza. Entrambe le creazioni esprimono l'eccellenza del design Made in Martellato, trasformando ogni dettaglio in un'esperienza unica per gli occhi e per il palato.*

CHOCOLATE MIGNON

A chocolate moulds collection for making pralines or exquisite small mignon holders. Some of the collection models were inspired by the ice-cream waffle cones and mini-cups. Besides making shiny and uniform chocolates, the professional moulds of Martellato helps remove the pralines with greater ease and minimises any risk of breaking them.

Una collezione di stampi per cioccolato ideale per preparare praline o piccoli contenitori per mignon dal grande sapore: Martellato ha realizzato una serie di modelli ispirati ai coni cialda e alle coppette per gelato. Oltre a conferire al cioccolato brillantezza e uniformità, lo stampo professionale made in Martellato agevola la sformatura e minimizza ogni rischio di rottura.
