* The ECHA SCIP number is provided for referencing purposes.

Therefore, the following measures are recommended for the safe handling of products as required by Article 33(1) of Regulation (EC) 1907/2006 (REACH) as amended:

Article Code	Information for safe use
50PR002	Exposure to Candidate List substances contained in articles is unlikely under normal conditions of product use, excluding any process involving the use of thermal energy (e.g., melting, welding) or mechanical energy (e.g., abrasion, cutting). However, in maintenance, repair and disposal operations, avoid direct contact with components affected by substances on the candidate list. If this is essential for carrying out the work, wear disposable gloves or type C gloves according to EN 374 or gloves for protection against mechanical hazards, according to EN 388, made of rubber or leather (if wet, prefer rubber). Handling by pregnant women is not recommended. Normal hygiene practices should be followed after use (washing hands after handling, not eating while using gloves, etc.). For disposal, contact a licensed waste management company according to national and local regulations.

Furthermore, we confirm that all of the items listed above comply with the provisions of Title VIII and Annex XVII, “Restrictions on the manufacture, placing on the market, and use of certain hazardous substances, mixtures, and articles,” of Regulation (EC) No. 1907/2006 (REACH), as amended.

Please also be advised that Martellato Srl is committed to promptly notifying you of any updates regarding the presence of new SVHC substances on the Candidate List in the articles sold to you.
